About Me

I'm an aspiring developer with a keen interest in all things design. I enjoy learning from others, and I'm used to working in a team. I love improving my skillset every day, and my rural background has helped me to understand the importance of hard work. I'm also able to take honest feedback and apply it to my work. Lastly, I'm open to new experiences and roles that I come across.

Education

Mazenod College Boarding School – all boys catholic school
2012-2016

Curtin University – Bachelor of Arts (Digital Design)
2017-2020
